

A PETITION TO RETAIN THE COFFS HARBOUR JETTY FORESHORE IN PUBLIC HANDS

To the Honourable Speaker and Members of the Legislative Assembly of New South Wales.

The concerned residents and visitors of the Coffs Harbour local government area, register our strong opposition to the proposed Coffs Harbour Jetty Foreshore Revitalisation Refined Masterplan as presented by the Department of Planning Housing and Infrastructure NSW, which allows for up to 250 private residential units and up to 200 short-stay units on the 4.2 hectares of land being Lots 11, DP843870 and Lot 10, DP1284099.

We, the undersigned petitioners, ask the Legislative Assembly to call on the Government to ensure that the said foreshore land be retained in public ownership to become part of the Coffs Harbour Jetty Foreshore precinct to be used for recreational and associated use by the community in the future.
